

Legal Notice

Presque Isle Electric & Cooperative 19831 M-68 Hwy., Onaway, MI announces that it is planning to apply herbicide along its right-of-way in order to maintain the reliability of its power system.

The foliar herbicide mix will be applied with hand-pumped backpack style sprayers. The crew will selectively apply herbicides to woody tree species throughout the right-of-way as needed. Crop areas, gardens, and residential mowed yards areas will be avoided.

For the months of April and May, the herbicides that will be used are: Garlon 4 Ultra, (Active Ingredient: Triclopyr), Milestone (A.I.: aminopyralid), and Premier (A.I.: Petroleum Distillate), applied with water (85%) as a diluent.
